Dear Shareholder,

We would like to invite you to our 2015 Annual General Meeting to be held at 10.00am on Wednesday 11 November 2015. The AGM will be held at Computershare’s Global Headquarters, 452 Johnston Street, Abbotsford, Victoria.

The Notice of Meeting material starts on page 10 and outlines the formal business that you will need to consider, whether in person at our AGM or through lodgement of your proxy. Lodgement is available using our online voting product at www.investorvote.com.au or alternatively you can complete and return the enclosed proxy form.

This year, in addition to the directors who will be standing for re-election and the remuneration report resolution, there is also a resolution for consideration to approve a grant of performance rights to our Chief Executive Officer Stuart Irving, under the terms of our long term incentive plan.

Full details are included in the Notice of Meeting.

YEAR IN REVIEW

The Company started the year with a range of known challenges, but once again delivered a creditable result, with strong cost outcomes underpinning our performance.

In constant currency terms (measuring performance based on exchange rates from the prior period) the Group delivered growth in revenues, Management earnings per share (EPS) and Management net profit. However, the strengthening of the USD, our reporting currency, materially impacted our actual financial results.

Our statutory earnings were impacted by a goodwill impairment of $109.5 million relating to our voucher services business. This followed the UK Government’s decision to insource all administration related to its new Tax-Free Childcare scheme. This impairment was the primary driver of the fall in Statutory Net Profit of 38.9% year-on-year to $153.6 million.

In actual currency terms, Computershare’s key performance indicator, Management EPS, was down a modest 0.7% to 59.82 cents. Total revenues fell 2.3% to $1,976.1 million. Operating costs were down by 4.1% to $1,419.7 million, benefiting in part from the stronger USD.

There was a net benefit to revenues from the impact of acquisitions and disposals, while expenses were flat in constant currency terms despite the additional costs associated with the acquisitions made during the period. Corporate actions activity was mixed and, like many revenue lines, suffered from the continuation of historically low interest rates, resulting in the weakest corporate actions revenues in over a decade. Operating cash flows were 9% lower this year at $372.1 million and capital expenditure was $38.6 million having normalised following the recent year lows. You will find a summary of our key financial metrics on pages 4 and 5.

DIVIDEND INCREASE

The Board increased the final dividend by AUD 1 cent to AUD 16 cents per share, with the combined interim and final dividends for FY2015 totalling AUD 31 cents. The final dividend was 25% franked.
OUTLOOK
In August 2015, we reported that we expect underlying business performance in FY2016 to be broadly similar to FY2015, however, the translation impact of the stronger US dollar and anticipated lower yields on client balances are again expected to be significant earnings headwinds. The business is also anticipating some increased costs, including those associated with investments in product development and efficiency initiatives. Taking all factors into account, we reported that we expect Management EPS for FY2016 to be around 7.5% lower than FY2015.

This assessment of the outlook is subject to the forward-looking statements disclaimer in our annual results announcement and assumes that corporate actions activity is similar to FY2015, and that equity, foreign exchange and interest rate markets remain at the levels that existed at the time of providing that guidance.

ACKNOWLEDGEMENTS
We would like to thank our clients who continue to use our market-leading services around the world. We again thank our employees for their contribution to this year’s result as well as our fellow directors for their ongoing support and continued guidance. We also extend our best wishes to former director Nerolie Withnall and acknowledge her valuable contribution.

We appreciate your continued loyalty as a shareholder, and welcome comments and feedback via investor.relations@computershare.com.au.

Yours sincerely,

Chris Morris
Chairman

ITEM 5 – Grant of Performance Rights to the Chief Executive Officer

The Company is seeking shareholder approval for the grant of 130,522 performance rights to the CEO, Stuart Irving, in respect of his FY2016 long term incentive grant under the Computershare Long Term Incentive Plan (LTI Plan) on the terms set out below. Approval is requested under the ASX Listing Rules to enable the Company to grant equity securities to the CEO (as a director of the Company) under an employee incentive scheme.

The Board of Computershare established a new long term incentive plan, being the LTI Plan, in June 2014. This followed a review of the Company’s long term incentive remuneration arrangements that was conducted earlier in 2014 by the Company’s Remuneration Committee. The LTI Plan replaces a previous long term incentive plan (known as the DLI plan) that had been operated by the Company since 2009.

The Board wishes to ensure that the LTI Plan provides an appropriate and effective incentive for its most senior executives to deliver sustainable growth outcomes for the Computershare Group over the longer term.

Key terms of grant of Performance Rights

Each performance right granted under the LTI Plan entitles the CEO to one fully paid ordinary share in Computershare (or an equivalent cash amount) subject to the satisfaction of the performance conditions described below over a three year performance period. Until the performance conditions are achieved and the performance rights vest, the CEO has no legal or beneficial interest in Computershare shares as a result of the grant of performance rights and no entitlement to receive dividends and no voting rights in relation to the performance rights.

Performance rights are non-transferable, except in limited circumstances or with the consent of the Board. Subject to compliance with the Computershare Securities Trading Policy, shares allocated to the CEO will not be subject to any further trading restrictions.
Details of proposed grant to the CEO

The total number of performance rights to be granted to the CEO is 130,522. This number was determined based on the CEO’s maximum FY2016 LTI opportunity which is calculated by dividing 100% of the CEO’s base salary and on target STI opportunity of AUD1,300,000 by AUD9.96, being the volume weighted average price of Computershare shares over the five trading days following the release of the Company’s FY2015 results on 12 August 2015.

The grant of performance rights to the CEO forms part of his overall remuneration and will be granted at no cost to the CEO and no amount is payable on vesting of the performance rights.

The performance rights will be granted under and subject to the rules of the LTI Plan. If shareholder approval is obtained, the performance rights will be granted to the CEO shortly after the meeting and, in any event, no later than 12 months after the date of the meeting.

Performance conditions

The grant of performance rights to the CEO will be subject to two separate performance conditions measured over a three year performance period:

- One half of the grant of performance rights will be tested against a performance hurdle based on the average growth in management earnings per share (EPS) over the performance period.
- One half of the grant of performance rights will be tested against a performance hurdle based on Computershare’s relative total shareholder return (TSR) performance compared against the companies within the ASX 100 index.

The performance rights will lapse to the extent that performance conditions are not met. There is no re-testing of performance rights after the vesting date.

EPS hurdle

The percentage of performance rights subject to the EPS hurdle that vest will be determined by the Board with reference to the compound annual growth in Management EPS across the performance period, being the financial years 2016 through to 2018 as follows:

<table>
<thead>
<tr>
<th>Compound annual growth in Management EPS over the performance period</th>
<th>Performance Rights subject to EPS Hurdle that vest (%)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Maximum % or above</td>
<td>15% or greater</td>
</tr>
<tr>
<td>Between threshold % and maximum %</td>
<td>Between 5% and 15%</td>
</tr>
<tr>
<td>Threshold %</td>
<td>5%</td>
</tr>
<tr>
<td>Less than the threshold %</td>
<td>Less than 5%</td>
</tr>
</tbody>
</table>

The management adjustment items to be applied to determine Management EPS will be determined by the Board consistent with the adjustment items that are included when reporting the Company’s management results. The Board also retains discretion to adjust the EPS hurdle in exceptional circumstances to ensure there is no material advantage or disadvantage due to matters outside management’s control that materially affect Management EPS.
**Explanatory Notes**

**Relative TSR hurdle**

TSR calculates the return shareholders would earn if they held a notional number of shares over a period of time, and measures the change in the Company’s share price together with the value of dividends during the period, assuming that all those dividends are re-invested into new shares.

The Company’s relative TSR performance is tested by measuring the Company’s TSR performance against the TSR performance of the companies within the ASX 100 index at the start of the performance period (any exclusions to be determined by the Board). The comparator group may be adjusted to take into account events during the performance period including, but not limited to takeovers, mergers, de-mergers or de-listings. The performance period is 1 July 2015 to 30 June 2018.

The percentage of performance rights that are subject to the relative TSR hurdle that vest will be determined by the Board with reference to the percentile ranking achieved by the Company over the relevant performance period, compared to the other entities in the comparator group, as follows:

<table>
<thead>
<tr>
<th>Relative TSR ranking against peer group</th>
<th>Performance Rights subject to TSR Hurdle that vest (%)</th>
</tr>
</thead>
<tbody>
<tr>
<td>At or above the 75th percentile</td>
<td>100%</td>
</tr>
<tr>
<td>Between the 50th to 75th percentile</td>
<td>Progressive pro rata vesting between 50% to 100% (i.e. on a straight line basis)</td>
</tr>
<tr>
<td>Equal to the 50th percentile</td>
<td>50%</td>
</tr>
<tr>
<td>Below the 50th percentile</td>
<td>0%</td>
</tr>
</tbody>
</table>

The Board retains discretion to adjust the relative TSR performance hurdle in exceptional circumstances to ensure there is no material advantage or disadvantage due to matters outside management’s control that materially affect TSR performance.

**Treatment of performance rights on cessation of employment**

If the CEO ceases employment before the end of the performance period due to resignation or termination for cause all unvested performance rights will lapse. Subject to the Board’s discretion to determine otherwise, if the CEO ceases employment before the end of the performance period for any other reason, then a pro-rata amount of unvested performance rights (based on the proportion of the performance period that has passed at the cessation date) continue ‘on foot’ and will be tested at the end of the original performance period, vesting only to the extent that the relevant performance conditions have been satisfied.

**Change of control**

Where a change of control event occurs prior to vesting of the performance rights, a pro-rata number of the performance rights will vest based on the proportion of the performance period that has passed at the time of the change of control, subject to the Board’s discretion to determine otherwise.

The Company has specific rules in relation to divestments, with the Board having the discretion to determine an appropriate treatment for participants in the event of the divestment of a material part of the business (as determined by the Board). The Board also has discretion to adjust the number of performance rights in the event of a variation of capital or other corporate transaction to ensure participants do not enjoy a windfall gain or suffer a material detriment as a result of the variation (and in accordance with the ASX Listing Rules).
Clawback
In the event of fraud, dishonesty or material misstatement of the financial statements, the Board may make a determination, including lapsing unvested performance rights, or clawing back vested shares or the proceeds from the sale of vested shares, to ensure that no unfair benefit is obtained by the CEO.

Other information
In relation to the LTI Plan:
› The CEO is the only director entitled to participate in the LTI Plan.
› The CEO received a grant of 107,084 performance rights at no cost under the LTI Plan in FY2015 in accordance with shareholder approval received at the 2014 AGM.
› There is no loan scheme in relation to the acquisition of the performance rights (or the shares provided on vesting) as no payment is required.
› On vesting of performance rights, shares may be issued or acquired on market, or the Board may determine to settle the award in cash.
› The CEO is prohibited from entering into any scheme or arrangement under which he hedges or alters the economic benefit that he may derive in respect of the grant of performance rights.

Voting exclusion statement
The Company will disregard any votes cast on Item 5:
› by or on behalf of the CEO or an associate of the CEO, in any capacity; or
› as a proxy by any member of the KMP (and their closely related parties) if his or her appointment does not specify the way in which the proxy is to vote.

However, the Company will not disregard a vote as a result of these restrictions if it is cast:
› as proxy for a person entitled to vote in accordance with a direction on the proxy form; or
› by the Chairman of the Meeting as proxy for a person entitled to vote and the Chairman has received express authority to vote undirected proxies as the Chairman sees fit.

Recommendation
The Board (excluding Mr Irving) considers the grant of performance rights to Mr Irving to be appropriate and recommends that shareholders vote in favour of Item 5.
Explanatory Notes

IMPORTANT: The Chairman of the Meeting intends to vote all available undirected proxies in favour of each item of business.

1. Voting, direct votes and proxy votes

1.1. A shareholder entitled to attend and vote at the AGM may vote by:
   (a) attending the meeting in person
   (b) appointing a proxy representative or attorney to attend and vote at the meeting on their behalf
   (c) lodging a valid notice of their voting intention by means of a direct vote

1.2. A shareholder may only vote by one of the methods listed in paragraph 1.1 above.

1.3. Shareholders who do not plan to attend the AGM are encouraged to complete and return a voting form, or to register their direct vote or proxy electronically (see below). Shareholders may withdraw their direct vote or proxy, and attend and vote at the AGM, even if they have sent a voting form to the Company or registered their vote electronically.

How to lodge a direct vote or appoint a proxy

1.4. A shareholder may lodge a direct vote or appoint a proxy by:
   (a) using the voting form provided with this Notice of AGM; or
   (b) the electronic medium available at the website http://www.investorvote.com.au

Shareholders who use this medium will be taken to have signed or authenticated their voting form if it is submitted in accordance with the instructions given on the website. Custodians and other intermediaries who are users of Computershare’s Intermediary Online service may lodge their direct votes or appoint a proxy by the electronic medium available at the website http://www.intermediaryonline.com

Direct voting

1.5. A shareholder may lodge a direct vote by indicating on the voting form that they are casting their vote directly and then placing a mark in one of the boxes opposite each item of business on the voting form. All of the shareholder's shares will be voted in accordance with such direction, unless the shareholder indicates that their direction is:
   (a) to vote only a portion of their votes on any item; or
   (b) to cast their votes in different ways on any item, by inserting the number of shares in the appropriate box or boxes

1.6. If a shareholder indicates that they are lodging their votes directly and then does not mark any of the boxes on a given item, no votes will be voted on that item.

1.7. If a shareholder indicates that they are lodging their votes directly and then marks more than one box on an item, their vote on that item will be invalid. If a shareholder inserts a number of shares in boxes on any item that in total exceed the number of shares that the shareholder holds as at the voting entitlement time, the shareholder's vote on that item will be invalid, unless the shareholder inserted the number of shares in one box only, in which case it will be taken to be valid for the total number of shares held at that time.
Explanatory Notes

Appointing a proxy

1.8. A proxy:
   (a) need not be a shareholder of the Company
   (b) may be an individual or a body corporate

1.9. A shareholder may direct their proxy how to vote by indicating on the voting form that they are appointing a proxy to vote on their behalf and then placing a mark in one of the boxes opposite each item of business on the voting form. All of the shareholder’s shares will be voted in accordance with such direction, unless the shareholder indicates that their proxy is:
   (a) to vote only a portion of their votes on any item
   (b) to cast their votes in different ways on any item by inserting the percentage or number of shares in the appropriate box or boxes.

1.10. If a shareholder appointing a proxy does not mark any of the boxes on a given item, the proxy may vote as the proxy chooses. If the shareholder does not direct the proxy regarding all of their votes on any item, the proxy may vote as the proxy chooses in respect of the undirected votes.

   If the shareholder directs the proxy to cast their votes in different ways on any item, the proxy must not vote on a show of hands in respect of that item, but may vote on a poll.

1.11. If a shareholder appointing a proxy marks more than one box on an item, their vote on that item will be invalid. If a shareholder inserts percentages or a number of shares in boxes on any item that in total exceed 100% or exceed the number of shares that the shareholder holds as at the voting entitlement time, the shareholder’s vote on that item will be invalid, unless the shareholder inserted the number of shares in one box only, in which case it will be taken to be valid for the total number of shares held at that time.

1.12. If the shareholder is entitled to cast two or more votes, the shareholder has the right to appoint two proxies and may specify the proportion or number of votes each proxy is appointed to exercise. If the appointment does not specify the proportion or number of the shareholder’s votes each proxy may exercise, each proxy may exercise one half of the shareholder’s votes.

   If the shareholder appoints two proxies, neither proxy may vote on a show of hands.

1.13. Any directed proxies that are not voted on a poll at the meeting will automatically default to the Chairman of the Meeting, who is required to vote proxies as directed.

Appointing the Chairman as your proxy

1.14. The Chairman of the Meeting intends to vote all available undirected proxies in favour of all of the resolutions. If you complete a proxy form that authorises the Chairman of the Meeting to vote on your behalf as proxy, and you do not mark any of the boxes so as to give the Chairman directions about how your vote should be cast, then, in accordance with the express authority provided for in the voting form, the Chairman will vote in favour of all resolutions, including those at Items 4 and 5 even though they are directly or indirectly connected with the remuneration of the KMP. If you wish to appoint the Chairman of the Meeting as your proxy, and you wish to direct him how to vote, please tick the appropriate box on the form.

1.15. If you appoint as your proxy any director of Computershare, except the Chairman of the Meeting, or any other KMP or any of their closely related parties and you do not direct your proxy how to vote on either Items 4 or 5, he or she will not vote your proxy on those items of business.

How to Vote on Items of Business

All your securities will be voted in accordance with your directions.

Vote Directly

Voting 100% of your holding: Mark either the For, Against or Abstain box opposite each item of business. Your vote will be invalid on an item if you do not mark any box OR you mark more than one box for that item.

Voting a portion of your holding: Indicate a portion of your voting rights by inserting the number of securities you wish to vote in the For, Against or Abstain box or boxes. The sum of the votes cast must not exceed your voting entitlement.

Appoint a Proxy to Vote on Your Behalf

Voting 100% of your holding: Direct your proxy how to vote by marking one of the boxes opposite each item of business. If you do not mark a box your proxy may vote or abstain as they choose (to the extent permitted by law). If you mark more than one box on an item your vote will be invalid on that item.

Voting a portion of your holding: Indicate a portion of your voting rights by inserting the percentage or number of securities you wish to vote in the For, Against or Abstain box or boxes. The sum of the votes cast must not exceed your voting entitlement.

Appointing a second proxy: You are entitled to appoint up to two proxies to attend the meeting and vote on a poll. If you appoint two proxies you must specify the percentage of votes or number of securities for each proxy, otherwise each proxy may exercise half of the votes. When appointing a second proxy write both names and the percentage of votes or number of securities for each in Step 1 overleaf.

A proxy need not be a securityholder of the Company.
