

Annual Results Presentations

Delivering Impact, Reach, and Confidence

Transform Your Annual Results into a High-Impact Investor Experience

Annual results announcements are among your most critical investor communication moments. Computershare enables you to deliver secure, engaging, and globally accessible results presentations ensuring your message reaches the right audience with clarity and impact.

Maximise Reach and Accessibility

- › Connect with global investors, analysts, and media in real time
- › Provide on-demand access to extend the life of your announcement
- › Ensure easy access across desktop and mobile devices

Drive Stronger Investor Engagement

- › Enable live, moderated Q&A for meaningful interaction
- › Support transparent, real-time dialogue during results delivery
- › Increase participation and engagement from your investor base

Deliver a Professional, Branded Experience

- › Broadcast-quality presentation environment
- › Fully aligned with your corporate branding
- › Reinforce credibility during high-stakes financial disclosures

Seamless Hybrid Delivery

- › Support virtual, hybrid, or studio-based formats
- › Deliver a consistent experience for both in-person and remote audiences
- › Reduce operational complexity for your team

Secure and Controlled Communication

- › Protect sensitive financial information with secure access controls
- › Maintain full oversight of participant access and interaction
- › Ensure confidence during market-sensitive announcements

Reliable at Critical Moments

- › Proven, scalable technology designed for high-demand events
- › Minimise risk of disruption during peak investor interest
- › Deliver consistent performance when it matters most

Cost Efficiency and Simplicity

- › Reduce spend on venues, travel, and multiple vendors
- › Streamline delivery through a single, integrated platform
- › Lower operational burden on Investor Relations teams

Actionable Insights

- › Access detailed post-event analytics:
 - › Attendance and audience demographics
 - › Engagement and participation levels
- › Refine and improve future investor communications

Why Computershare

- › Trusted partner in investor communications globally
- › Deep expertise in delivering high-stakes financial events
- › End-to-end support from planning to post-event reporting

The Result: A more engaging, more accessible, and more controlled Annual Results Presentation helping you communicate performance with confidence and strengthen investor trust.
