

## HOLD A SUCCESSFUL VIRTUAL SHAREHOLDER MEETING

Corporate governance and legal professionals around the world have risen to meet new challenges as uncertainty and change threatened their business objectives. When it comes to your annual meeting, you need an experienced global provider to help you stay a step ahead of unknown variables and track to your company's risk framework. You want a partner that enables you to leverage vast virtual and hybrid meeting experience to ensure you have a successful event. Having successfully hosted more than 1,400 virtual meetings in the first half of 2020, we have just the solution.

With Computershare, your secure and reliable virtual meeting platform will be custom-branded and designed for ease of access. You control who attends, participates and votes, with attendance authentication, dedicated dial-in lines and voting technology. We make it as easy as possible – from pre-meeting investor communications and preparation to post-meeting reporting. You can also:

**Promote enhanced shareholder engagement**

**Communicate via text, digital or physical mail, online chat, IVR, client service reps and microsites**

**Manage live, interactive Q&A**

**Enable real-time investor voting and reports through InvestorVote™**

**Host and display meeting materials on web-based portal**

**Choose from audio, visual and video webcast options**

**Playback and post meeting recording**

**Improve transparency and auditability**

## A partner that will help you manage risk and avoid disruption during your annual meeting

Computershare  
**reinvests 12%** of  
annual revenue back  
into its systems

**300+ million** emails blocked  
due to malicious content

**8,000 hours** spent by  
staff on security e-learning

In 2020, Computershare  
U.S. engaged with the SEC  
to help more issuers take  
advantage of 'Notice and  
Access' and **reduce the risk  
associated with disruption  
to proxy mailings**
